

# Port Orford Jetty, Oregon 2010 Bathymetry/Topography

CONTOURS SHOWN ARE DERIVED FROM BATHYMETRY AND AERIAL PHOTOGRAMMETRIC MAPPING ACQUIRED IN 2010. BACKGROUND IMAGERY ACQUIRED IN 2016.

- Jetty Centerline
- Jetty Centerline Station
- 2010 Contours, 5'

THERE ARE AREAS ALONG THE SHORE AND JETTY WHERE NO DATA WAS ACQUIRED IN 2010 OR 2016, LIKELY TOO HAZARDOUS FOR A SURVEY VESSEL. THESE LOW-LYING AREAS CAN BE INTERPOLATED IN CONTOURS AND PROFILES OF THE DATA, BUT WOULD SHOW HIGHER THAN ACTUAL DEPTHS.
