**Legend**

- Existing Centerline Station
- Existing Centerline
- 2010 Contours, 5'

**2010 Elevation**

NAVD88 ft

- High : 120
- Low : -40

THE SMOOTH AREAS ALONG THE JETTY ARE WHERE NO DATA WAS ACQUIRED IN 2016, LIKELY DUE TO SHALLOW INTER-TIDAL ZONES TOO HAZARDOUS FOR A SURVEY VESSEL. THESE LOW-LYING AREAS ARE INTERPOLATED IN CROSS-SECTIONAL GRAPHS OF THE DATA.
